Academic Positions and Affiliations

The Institute of Social Data Science, Pohang University of Science and Technology, Korea
Postdoctoral Researcher 2022–Present

Degrees

University of Iowa, Iowa City, IA, United States 2017–2021

Ph.D. Political Science

Fields: *Comparative Politics, Political Methodology, American Politics (minor)*

Dissertation: *Re-Examining the Origins of Policy related to Violence Against Women: The Role of Women’s Descriptive Representation in Achieving Substantive Representation*

Committee: *Frederick Solt (Chair), Frederick J. Boehmke, Tracy Osborn, William M. Reisinger, Celeste Montoya (University of Colorado Boulder)*

Hankuk University of Foreign Studies, Seoul, South Korea 2011–2017

B.A. Political Science and International Relations

Professional Training

ICPSR Summer Program, University of Michigan Summer 2018

Causal Inference for the Social Sciences, Multilevel Model 2: Advanced Topics

Research and Teaching Interests

Comparative Politics:

Introduction to Comparative Politics, Women and Politics, Democracy, Political Parties, Korean Politics, Political Institutions, Legislative Politics

Political Methodology:

Introductory Statistics, Time-Series Cross-National Analysis, Event History (Survival) Analysis, Multilevel Analysis, Causal Inference, Data Science (R, Python, and Stata), Text Analysis

International Relations:

Introduction to International Relations, Politics of Epidemics

Refereed Publications

Works in Progress

– Working Papers

Gendered Punishment? How The Public Perceives a Failed Female Political Leader [with Tracy Osborn and Mi-son Kim].

The Influence of Female Legislators on the Legislative Behaviors of Male Counterparts: Evidence from South Korea.

The Conditional Relationship among Gender, Electoral Systems, and Issue Salience on Bill Sponsorship Concerning Environmental Issues.

Public Support for Democracy and Different Patterns of Democratic Backsliding [with Jeongho Choi].

The Influence of Norms on State Action on the Provision of Public Goods Concerning Violence Against Women.

Democratic Support Around the World: Dynamic Comparative Data on Public Support for Democracy [with Yuehong Cassandra Tai, Hu Yue, and Frederick Solt].

Social Network with Female Legislators and Male Legislators’ Legislative Behavior.

The Degree of Subordination and Interstate Conflicts: the Case of Two Koreas and the U.S. Hierarchy.

How does Partisanship Affect Individuals’ Attitude Toward Immigration Policy? [with Jeongho Choi].

Measuring the Acceptance of Homosexuality Across Countries and Over Time [with Hyein Ko, Yuehong Cassandra Tai, Yue Hu, Frederick Solt].

– Book Projects

Gender Egalitarianism and Gender Equality: Public Opinion, Politics, and Policy in Global Perspective [with Frederick Solt]

This book project is funded by Korea Inequality Research Lab, Gachon College of Liberal Arts & Sciences and Graduate School of Social Policy, Gachon University.

Datasets and Software

2. Solt, Frederick, **Byung-Deuk Woo**, and Lindsey A. Goldberg. 2022. Public Gender Egalitarianism Database, Version 1.0. <https://doi.org/10.7910/DVN/WF3USY>
1. Solt, Frederick, Yuehong Cassandra Tai, Yue Hu, Hyekin Ko, and **Byung-Deuk Woo**. 2019. “DCPOtools: Tools for Preparing Survey Data for DCPO.” <https://github.com/fsolt/DCPOtools>

Dynamic Comparative Public Opinion (DCPO) analyses generate estimates of latent public opinion that are comparable across countries and over time from hundreds or thousands of surveys, but collecting and formatting these survey data is a formidable challenge. The DCPOtools package streamlines these initial steps, providing tools for downloading survey datasets, extracting the needed data, correctly identifying and standardizing the countries and years surveyed, applying survey weights, and arranging the resulting information into the format required to generate DCPO estimates.

Teaching Experience

– Pohang University of Science and Technology

Course Developer, Guest Lecturer and Department Service

Instructor: Social Science and Data Analysis (PSDS:501) Fall 2022

Taught four-session lectures related to social science and data analysis

Instructor: Introduction to R and Statistical Analysis Summer 2022

Taught week-long basic mathematics, statistics, and R course for students.

Guest Lecturer Nuclear Power and Social Issues-Lectures for International Students (NUCE:503) Spring 2022

Taught six-session lectures related to nuclear power and social issues in South Korea for international students.

Instructor: Introduction of Advanced Nuclear Convergence of Future Society (NUCE: 719C) Spring 2022

Taught one-session lecture related to nuclear power, social conflicts, and the convergence of social science and nuclear technology.

– University of Iowa

Instructor

Politics of Epidemics: International Conflict and Cooperation (POLI:3550) Fall 2020

Introduction to American Foreign Policy (POLI:1501) Fall 2019

Teaching Assistant

Introduction to Politics of Class & Inequality (POLI:1800)	Spring 2021
American Public Policy (POLI:3111)	Spring 2019
Introduction to American Foreign Policy (POLI:1501)	Fall 2018, Spring 2020
Introduction to Comparative Politics (POLI:1400)	Spring 2018
International Conflict (POLI:3512)	Fall 2017

Course Developer, Guest Lecturer and Department Service

Course Developer and Guest Lecturer: Introduction to Comparative Politics Summer 2021

Developed the Introduction to Comparative Politics course. Provided seven-session lectures related to Regime Types, Electoral Institutions and Political Parties, Party Systems, Measures of Regime Types and Regime Changes, Globalization, Gender and Politics, and Comparative Approaches.

Instructor: Math Camp Summer 2020, Summer 2021

Taught week-long basic mathematics and statistics course for incoming graduate students.

Instructor: Review from OLS to MLE Summer 2020

Taught four-session reviews of OLS to MLE for 2nd year graduate students.

Guest Lecturer: Intro Methods Fall 2019

Taught three-session lectures related to visualization through STATA and R, Monte Carlo Simulation, basic STATA commands for OLS and Logistic Regression for 1st year graduate students.

Department Service Collaboratory Manager Fall 2019–Spring 2020

Gave undergraduate students, graduate students, and faculty members advice and help with methodology, statistics, STATA, and R.

Research Experience

– Pohang University of Science and Technology

Researcher for Brain Korea 21 Advanced Nuclear Power Convergence Education Research for Future Society 2022–Present

Research Grant (\$750,000,000) from the South Korean Ministry of Education

Researcher for the Development of Social Data Science Major 2022–Present

Research Grant (\$500,000,000) from the SK Hynix Inc.

Researcher for Fostering Students with Convergent Thinking Ability to Enhance Corporate Social Value 2022–Present

Research Grant (\$400,000,000) from the POSCO Research Institute

Researcher for the Regional Cooperation Measures to Increase Public Acceptance of Nuclear Power Plants 2022–Present

Research Grant (\$100,000,000) from the South Korean Ministry of Trade, Industry, and Energy

– **University of Iowa**

Research Assistant for Prof. William Reisinger Summer 2020

Project: Survey List Experiment on Eurasian Countries.

Research Assistant for Prof. Elise Pizzi Summer 2019

Project: Migration in China.
